PART I
PRELIMINARY PROVISIONS

1. These Regulations may be cited as the Plant Breeders' Rights Regulations 2018.

2. In these Regulations, unless the context otherwise requires:-

   “Act” means the Plant Breeders’ Rights Act;
   “assignee” in relation to a new variety means:-
   (a) a person who derives a title to that variety directly or indirectly from the breeder or owner by a sign-writing or inheritance or operation of law; or
   (b) a legal representative of such person;
   “approved depository gene bank” means a gene bank recognized under any written law;
   “commissioning” means engaging the services of developing a new plant variety in exchange for monetary or any other material consideration;
   "denomination" means the generic name of that variety;
   “DUS test ” means test of Distinctness, Uniformity and Stability of a plant variety;
   “description” means a narrative statement that defines the characteristics of a plant variety for the purpose of demonstrating that the variety in question is a new variety;
"harvested material" means any part of the plant with potential economic value or any product made from that plant;

"Plant Breeders’ Rights Certificate" means a document issued by the Registrar as evidence of grant of a Plant Breeder’s Right;

"Plant Breeders’ Rights Office" mean an office established under section 3 of the Act;

"registry" means Registry of Plant Breeders’ Rights;

"seed" shall carry the same meaning as defined in the Seeds Act.

PART II
PLANT BREEDERS’ RIGHTS OFFICE

3. A person who is appointed as a Registrar, Deputy Registrar or any other officer working under the Plant Breeders’ Rights Office shall not, during the period of holding the office or serving as an officer, apply for the grant of breeder’s right.

4.- (1) A person who wishes to inspect a register of breeders’ rights, shall submit in writing his request to the Registrar, indicating clearly the information he wishes to inspect and the purpose thereof.

(2) The Registrar shall have a discretion to determine which information is open to the public for inspection.

(3) The discretion shall be diligently exercised with due regard to the confidentiality of a particular information.

(4) Inspection of the Register shall be made upon payment of prescribed inspection fees as prescribed in the Second Schedule to these regulations.

5.- (1) Members of the Plant Breeders’ Rights Advisory Committee shall be appointed by the Minister upon recommendation from their respective organizations or Association.
(2) Tenure of office, proceedings and other matters relating to the Plant Breeders’ Rights Advisory Committee shall be as prescribed in the Third Schedule to these regulations.

PART III
APPLICATION FOR PLANT BREEDERS’ RIGHTS

6.- (1) An application for grant of Plant Breeders’ Rights shall be submitted to the Registrar in Form PBR I as prescribed in First Schedule to these Regulations.

(2) The application shall be accompanied with the prescribed application fees as set out the Second Schedule to these Regulations.

7.- (1) The application shall be submitted to the Registrar during official business hours or sent by registered mail.

(2) The application shall consist of the following:-

(a) one copy of the completed application form signed by or on behalf of the Applicant; and

(b) untreated viable seeds at such quantity as may be prescribed in the guidelines issued by the Registrar.

(3) For vegetatively propagated plants, the application shall be accompanied by:-

(a) a certification that a viable culture has been deposited with an approved depository gene bank; or

(b) a certification that a plot of vegetative material has been established in an approved depository and will be maintained for the required period.

(4) The Applicant shall state clearly:-

(a) whether priority is being claimed as a result of a preceding application made by the Applicant in
one of the members of an international organization dealing with plant breeders rights matter which Tanzania is a party; and

(b) whether the breeder or a legal representative of the breeder sold or consented the sale of the plant variety within or outside Tanzania, and the date of the sale.

(5) The Registrar may, at any time after receiving an application, require the Applicant to submit additional propagating materials as may be required for purposes of substantive examination.

(6) The applications shall be typed or printed and any cancellation or alterations shall be made in indelible ink, initialed and dated by the Applicant to confirm knowledge of such modifications.

8. Where an application is made by an assignee or successor in title of the breeder, it shall be accompanied by-

(a) proof of assignment or succession;
(b) the original or certified copy of the deed of grant of letters of administration; or
(c) such documentary evidence which in the opinion of the Registrar is sufficient to establish title of the Applicant.

9. The application made by a partnership firm shall be signed by all partners.

10. The application made by a body corporate, a society or any other organisation, shall be signed by the secretary or principal officer or authorised representative.

11.- (1) The application by a person who is not a resident of Tanzania, or who does not have a registered office in Tanzania, shall be submitted only through an agent legally residing in Tanzania.
(2) The Registrar shall recognize a person as an agent if he is satisfied that such person has been authorized to act as an agent in Form PBR II as set out in the First Schedule to these Regulations.

12. The Registrar shall examine the application and supporting documents within five working days from the date of receipt and after being satisfied, he shall give a filing date corresponding to the date and time of which the application was received.

13. The Registrar shall within ten days from receipt of the application, acknowledge in writing receipt of the application to the Applicant.

14.- (1) The Registrar shall if there is any defect, inform the Applicant to correct it and re-submit the application to the Registrar within thirty days, upon receipt of notification of the deficiency.

(2) The Applicant may request for an extension of time to make corrections or complete the application.

(3) Where the Applicant fails to complete the application or correct the defect within the time given by the Registrar, the application shall be considered as abandoned.

15. The application may be voluntarily withdrawn by a written notice to the Registrar signed by the Applicant.

16. The Registrar for the purpose of maintaining records shall, monitor development of plant breeders’ rights application and grant made in the Mainland Tanzania.

17.- (1) The Registrar upon being satisfied that the application has complied with all the requirements, shall issue a certificate of breeder’s right in Form PBR III as specified in the First Schedule to these Regulations.
PART IV
REJECTION AND OBJECTION OF AN APPLICATION

18.- (1) The Registrar shall reject the application which does not comply with the requirements specified in these Regulations.

(2) Where the application is rejected, the Registrar shall notify the Applicant in writing within fourteen days, stating reasons for such rejection.

(3) The following information may be used to support the reasons for rejection:

(a) where prior grant is cited as a reason for rejection, the particulars for such grant including name of holder, granting authority and date of grant shall be stated in the notice of rejection;

(b) where printed or electronic publications are cited as a reason for rejection, the author, title, date, pages and places of publication, or place where a copy of the publication can be found shall be provided to the Applicant; and

(c) where the rejection is based on facts known to the Registrar, and upon request by the Applicant, the rejection shall be supported by an affidavit of the Registrar.

19.- (1) The objection shall be made in Form PBR IV as set out in the First Schedule to these Regulations.

(2) At the hearing of an objection:

(a) each party shall be allowed to call witness and to cross-examine the other party;

(b) the onus shall rest with a party to notify his witness on the date, place and time of the hearing and to ensure his presence at the hearing; and
(c) a person who lodged an objection against an application shall be allowed to present his case first.

(3) After hearing of the evidence, the Registrar shall reach a decision and inform in writing the person objecting and the person who applied for the grant of the breeder's right.

(4) A person who is aggrieved by the decision of the Registrar may appeal to the Appeal Board.

PART V
DENOMINATION

20.- (1) The denomination which is proposed for a variety shall not be:

(a) identical or similar to a mark which enjoys protection under the Trade and Services Marks Act; and

(b) inimical to public order or contrary to morality.

(2) Notwithstanding anything to the contrary contained in this Regulation, a mark referred to in subregulation (1)(a) may only be approved as a denomination for a variety if the Applicant submits documentary proof that the holder of the mark concerned has renounced his right to such mark as from the date on which a Plant Breeder's Right is granted.

21. Where the denomination does not comply with the requirements, its registration may be rejected and the Registrar shall require the Applicant to propose another denomination within thirty days from the date of notification.

22.- (1) The use of a denomination shall not be granted to a breeder if such denomination has already been registered for another plant variety or is being used by a third party in relation to the sale of a particular variety prior to the filing date of an application.
(2) In case two or more Applicants apply for registration of the same denomination, the Applicant who has the earliest filing date shall have the right to register the same to the exclusion of the other Applicant.

23.- (1) Where the subject matter of an application filed in Tanzania, is the same as that of an application previously filed abroad by the same Applicant, the Applicant shall submit the same denomination.

(2) The Registrar may approve the use of denomination submitted in accordance with sub regulation (1) if such denomination does not contravene the requirements provided under section 20 of the Act.

24.- (1) The approved variety denomination may be changed where:
(a) the denomination approved by the Registrar due to an error is not the denomination proposed by the holder;
(b) additional information that becomes available after the grant of breeder’s right justifies a change of denomination; or
(c) an objection has been filed pursuant to section 25 and 26 of the Act.

(2) Where a change in denomination is requested by the holder, it shall be in writing describing the reasons thereof.

(3) A change of denomination shall come into effect on the date on which the Registrar approves.

PART VI
INFRINGEMENT OF PLANT BREEDER’S RIGHT

25.- (1) Unless otherwise provided in the Act, infringement of Plant Breeders’ Rights shall include but not limited to the following:-
(a) sell, offer for sale, deliver, consign, exchange, or solicit an offer to buy it, or any other transfer of title or possession of the protected variety without consent or authorization by the holder of the breeder’s right; or

(b) multiply the protected variety without consent or authorization by the holder of the breeder’s right; or

(c) instigate or actively induce performance of any of the acts described under paragraphs (a) and (b) of this regulation.

(2) In any proceedings for the infringement of breeder’s right, all such relief by way of damages, injunction, prohibition, account of profits or otherwise shall be available in any corresponding proceedings in respect of infringements of other proprietary rights.

26. The defenses against infringement cases shall include but not limited to the following:-

(a) the plant variety has not met criterion of novelty or distinctness at the time of application for breeder’s right; or

(b) the alleged infringement was performed under a right adverse to it, prior to the notice of infringement.

27.- (1) In addition to any other remedy for infringement, a court may make an order in respect of the custody, surrender for disposal of any book, document, plant, propagating material, product, substance or other article.

(2) Where the court orders for the confiscation of infringing materials, may cause:-

(a) their distribution to charitable organizations; or
(b) the sale and provide the proceeds thereof to research organizations; or
(c) materials be returned to the petitioner.

PART VII
NULLIFICATION, CANCELLATION AND SURRENDER
OF PLANT BREEDERS’ RIGHTS

28.- (1) The Registrar may investigate conformity of the conditions of grant of breeder’s right in order to make a decision regarding nullification or cancellation of breeder’s right.

(2) An interested person may, upon payment of the required fees, petition to nullify or cancel a breeder’s right on any of the grounds respectively specified under Section 36 (1) of the Act.

(3) Petition to nullify or cancel breeder’s rights shall:-

(a) be in writing and verified by petitioner or any other person on his behalf;
(b) specify the grounds on which it is based; and
(c) be attached with the copies of documents that may be relied upon.

(4) A petition to nullify or cancel a breeder’s right shall be instituted at any time within the term of protection of such right.

29. An objection against nullification or cancellation of a breeder’s right shall:-

(a) state the grounds on which the objection is based;
(b) indicate the published particulars of the breeder’s right concerned;
(c) state the name and address of the person objecting; and
(d) be accompanied by the fees as specified in the Second Schedule to these Regulations.

30.- (1) A holder of certificate upon nullification or cancellation of the Plant Breeder’s Right, shall return the
certificate to the Registrar not later than fourteen days from the date of the publication of nullification or cancellation notice.

(2) A person who:-
(a) fails to return a nullified or cancelled certificate; or
(b) uses the certificate knowingly that the said certificate has been nullified or cancelled, commits an offence and, is liable on conviction, to a fine not less than ten million shillings or to imprisonment for a term not exceeding one year or both such fine and imprisonment.

31.- (1) A notice to surrender the breeder’s right shall be submitted to the Registrar in form PBR V as set out in the First Schedule to these Regulations.
(2) The notice shall be accompanied by:-
(a) the fees as specified in the Second Schedule to these Regulations; and
(b) the original copy of the breeder’s right certificate.

32. Surrender of the breeder’s right shall not affect any liability for any fees due and payable in respect of those rights before the surrender.

33. Incase of amendment, surrender or cancellation of certificate of breeder’s right, the Registrar shall:-
(a) record in the appropriate register of the Plant Breeders’ Rights; and
(b) notify the holder.

PART VIII
AUTHORIZATION AND ASSIGNMENT

34. A petition for the issuance of a compulsory authorization shall:
(a) be submitted in writing to the Registrar in Form PBR VI as set out in the First Schedule to these Regulations;
(b) contain the name and address of the petitioner and holder of the Plant Breeders’ Rights;
(c) indicate the published particulars of the application concerned;
(d) state the denomination of the plant variety and the statutory grounds upon which compulsory authorization is sought;
(e) state the ultimate facts constituting the petitioner’s cause of action, and the relief prayed for; and
(f) be accompanied by the fees as prescribed in Second Schedule to these Regulations.

35. The Registrar, upon petition by any interested party and proof of reasonable grounds, may issue a decision:-
(a) allowing the petitioner to produce in commercial quantity and distribute the variety protected or any part thereof;
(b) requiring the holder to ensure the availability of the propagating materials of the variety so protected;
(c) requiring the petitioner to pay the holder with the authorization fees in the form of reasonable royalties; or
(d) any other additional remedies as the Registrar may determine to be consistent with appropriate circumstances.

36.- (1) The Registrar shall fix the terms and conditions including the rate of royalties of the compulsory authorization subject to the following conditions:-
(a) scope and duration of such authorization shall be limited to the purpose of application;
(b) the authorization shall be non-exclusive;
(c) the authorization shall be non-assignable; and
(d) the authorization may be terminated upon properly showing that circumstances that led to its grant have ceased to exist and are unlikely to recur.
(2) The holder shall be paid adequate remuneration taking into account the economic value of the grant or authorization, except that in case where the authorization was granted to remedy a practice which was determined after judicial or administrative process to be against fair trade practices may be taken into account in fixing the amount of remuneration.

(3) A compulsory authorization shall be effective until the ground for its issuance have been terminated as determined by the Registrar on suo moto or upon petition to the Registrar by any interested party.

37.-(1) The Registrar may cancel the compulsory authorization upon request by the holder of that authorization.

(2) The Registrar may cancel or terminate the compulsory authorization on the following grounds:-

(a) if reasons for the grant of the compulsory authorization no longer exist and are unlikely to recur;
(b) if the authorized has neither begun to exploit the authorization nor made serious preparation thereof; or
(c) if after six months from the date of being granted a compulsory authorization the authorized has not complied with the prescribed terms of the authorization.

PART X
MISCELLANEOUS PROVISIONS

38.- (1) The Registrar may grant extension of time for submission of any applications.

(2) The application for extension and reasons thereof shall be submitted in writing to the Registrar and shall be accompanied by a fees as prescribed in the Second Schedule to these Regulations.
39. Where two or more persons breed a new plant variety separately and independently of each other, on application for the Plant Breeders' Rights, consideration shall be made to the person who has the earliest filing date.

40.- (1) Where two or more persons contribute to the breeding of a new plant variety, all of them shall be named in the Plant Breeders' Rights certificate and shall be entitled to such rights as agreed upon in writing or in the absence thereof, the rights in proportion to their contribution in the development of the plant variety.

(2) Where there is no such written agreement and their respective contributions in the development of the plant variety cannot be established, the co-owners shall be deemed to have equal rights to the new plant variety.

41.- (1) Where an employee breeds a plant variety in the course of his employment as a result of the performance of his regular duties, the breeder's right shall belong to the employer unless there is a written agreement to the contrary.

(2) If the employee breed the plant variety outside of his regular duties, the plant variety protection shall belong to the employee.

(3) The Employee employer relationship regarding the variety breed discovered and developed in course of employment shall continue to exist even after termination of employment.

(4) Nothing in this regulation shall prohibit the employer and employee from entering into an agreement for the recognition of the employee's work or for the authorization of the employee to use any information or knowledge relating to the employee's employment.

42. A person who commissions the breeding, and discovery development of a new plant variety shall own the breeder's right, if so provided in a written agreement.

PART VII
(To be completed by all Applicants/agents)

D: DECLARATION:

I/we... am (are) the owner (s) / acting on behalf of the owner (s) / of this new plant variety, and believe that the variety is distinct, uniform and stable as required in Section 13 of the Plant Breeders’ Rights Act, No 22 of 2012. I/We understand that test results shall be carried out using acceptable scientific procedures.

I/We certify that the sample of propagating material supplied (where applicable) is representative of the variety.

I/we declare that no Tanzanian trademark or similar indication has been, nor will be, applied for or received for the denomination or any part of the denomination. Making a false representation is an offence and may result in a loss of the Plant Breeders’ Right and prosecution.
